

# VNS2081

## CEILING/IN-WALL MOUNT PA SPEAKER

### PA Voice Messaging and Emergency Notification

*Powerful PA Voice Messaging, Multi-Functional, Easily Expandable*

The VNS2081 is a Ceiling PA Speaker that functions as a ceiling or wall speaker. When paired with one of the Visiplex's wireless PA controllers, this speaker is an ideal solution for applications where a hard-wired speaker is impractical, or when a simple, reliable and cost-effective alternative solution is needed.

The VNS2081 ceiling PA Speaker is designed to be part of Visiplex's wireless public address systems and can provide intelligible voice paging and clear tone alerts in indoor applications such as wireless break bell or PA paging.
